I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies. !!

COMMENTS: I would be devastated if my medicines, tailor-made for my particular & unique body (not one-size-fits-all) were no longer available. For years I tried, in vain, to find solutions for my debilitating symptoms & am overjoyed with my individually compounded medicines. I want the right to decide (with my doctor) what is right for me - NOT the government dictating what it deems is best for me !!
